## **ITC Conference Grants - CallGP3**

### **Objectives / description**

Conference Grants are aimed at supporting PhD students and Early Career Investigators (ECI, 8 years after PhD) researchers from participating Inclusiveness Target Countries (ITC) to attend international science and technology related conferences not specifically organized by the COST Action.

### **Relevant dates**

- Deadline for applications: 35 working days before the conference commences
- Outcomes: 15 working days after the application is submitted
- Conferences dates: must take place before 20 April 2020
- After the conference: submit report and relevant documentation within 30 days of end of conference and before 23 April 2020, whichever takes place earlier

### **Eligibility criteria**

The eligibility criteria are:

- Applicants must be a PhD student or an ECI with a primary affiliation in an institution located in a CA16109 participating ITC (<https://www.costcolossal.eu/participating-countries/>);
- Applicants must make an oral/poster presentation at the conference in question and be listed in the official event/conference programme;
- The main subject of the presentation must be on a topic relevant to the Action;
- COST Action CA16109 should be acknowledged both in the book of abstracts and in the oral/poster presentation following COST guidelines (Section 9 of the COST Vademecum, <https://www.cost.eu/wp-content/uploads/2019/05/Vademecum-May-2019.pdf>);
- The participation must be pre-approved by the Action MC (i.e. the Grant is for future conferences and not for conferences which already took place);

## Selection of applicants

The evaluation of applications will be performed by the ITC Conference Grant Committee (ITC CG Coordinator, Action Chair, Action Vice-Chair, and WG leaders) on behalf of the MC.

### The selection of applicants is based on the following criteria:

- The scientific scope of the conference contribution must clearly compliment the overall objectives of the Action
- Oral contributions will be given priority over poster contributions
- European conferences preferred, although conferences held elsewhere can be considered

## Financial support

**The financial support on offer is a fixed financial contribution to the overall expenses incurred during the participation in a given conference and may not necessarily cover all of the associated expenses.**

It takes into consideration the budget request of the applicant and the outcome of the evaluation of the application. The following funding conditions apply and must be respected:

- Up to a max of EUR 2 500 in total can be afforded to each successful applicant, including:
- Up to a max of EUR 160 per day afforded for accommodation and meal expenses
- Up to a max of EUR 500 for the conference fees to be incurred by the selected Grantee

In addition when meal and accommodation expenses are supported by the hosting institution as part of the provisions offered in their conference package, the amount for subsistence afforded to each eligible participant must be deducted from the Grant.

For this Grant Period (3), the Management Committee of **COST Action CA16109 COLOSSAL** has allocated a total budget of max **5000 EUR for 4 ITC Conference Grants**. The amount granted will be determined during the evaluation process.
